

NETHERLANDS-MOZAMBIQUE BUSINESS AND INVESTMENT FORUM

16 MAY 2023 | THE HAGUE, THE NETHERLANDS

Mozambique, situated on the southeastern coast of Africa, is strategically positioned with its ports offering easy access to international markets, making it the preferred choice for regional importers and exporters. With its economy experiencing remarkable growth over the last decade, and substantial inflows of foreign direct investment (FDI) into various sectors, especially agro-industry, Mozambique offers ample opportunities for Dutch companies.

To further support the industrialisation plans of the Mozambican government, the Embassy of the Republic of Mozambique in the Benelux

and the NABC are hosting the Netherlands-Mozambique Business and Investment Forum in The Hague on May 16th. This one-day event is aimed at promoting economic partnerships between Dutch and Mozambican businesses within the agro-processing sector. Topics of discussion will include investment opportunities in Mozambique, the government's "Industrialise Mozambique" plan, and building successful partnerships between Dutch and Mozambican companies.

Register today and don't miss this opportunity to explore potential collaborations!

The forum will be opened by:

H.E. MR. SILVINO MORENO

MINISTER OF INDUSTRY AND COMMERCE

GOVERNMENT OF THE REPUBLIC OF MOZAMBIQUE

The Netherlands-Mozambique Business and Investment Forum is brought to you by the Embassy of the Republic of Mozambique in the Benelux and the Netherlands-African Business Council (NABC).
